July 2025 | www.rtechgroup.co.in

July ushers in growth, grit, and ground realities. At R-Tech Group, each day of this month has been a commitment — to elevate experiences, redefine possibilities, and stay true to our pursuit of excellence in real estate.

“Progress in Every Perspective”

Whether it's about opening new conversations with global brands or finishing another phase of construction, July 2025 was a month of action, alignment, and acceleration. We continue to evolve by staying connected with the ground, building upward with vision, and outward with impact.

At R-Tech Group, adaptability is not a response — it's a habit. July has shown us the power of pivoting with purpose. From fast-tracked possession schedules to renewed collaboration with partners and vendors, our efforts have been focused on delivering more — efficiently, responsibly, and seamlessly.

This month also witnessed stronger integration between departments, tighter review cycles, and better data-backed decisions, all rooted in transparency and trust. As we step into the next quarter, our resolve grows firmer: to serve with speed, scale with intent, and succeed with integrity.

The News

R-Tech Samridhi Residency is now officially sold out, thanks to the overwhelming response and trust shown by our customers. This milestone reflects the continued support and confidence in R-Tech Group's vision for quality living spaces.

Our Vision

As July concludes, we remain focused on optimizing operational systems, reinforcing tenant relations, and keeping our teams future-ready. We believe that consistency, clarity, and collaboration are not just values — they are competitive advantages.

Events this month

Event

July marked a significant leap in leasing momentum across all R-Tech projects. Both shops and office spaces witnessed exceptional demand, with maximum occupancy achieved in several developments. This surge reflects growing trust from leading brands and businesses alike. R-Tech Group remains committed to creating high-value, high-visibility commercial destinations.

Admin Talks

Mr. Rajesh Yadav

Managing Director

"True momentum is built when every corner of our portfolio comes alive — and July did just that. With accelerated leasing in both shops and offices, full sell-out of Samridhi Residency, and national brands under fit-out, we're witnessing the tangible results of vision and teamwork. Let's continue to lead with purpose and precision."

Mr. Achal Agarwal

Executive Director

"This month brought synergy across sites — with high footfalls, brand interest, and client conversions all aligning. Our spaces are being seen not just as locations, but as opportunities, and that's a reflection of the trust we've worked hard to earn."

Mr. Deepak Pareek

CFO

"Leasing highs across our commercial and retail segments are a direct result of disciplined strategy and timely execution. July's performance puts us on a strong footing for Q2, ensuring consistent returns, sustained confidence, and a solid revenue trajectory."

Kritika Yadav

VP-Admin & Operations

"From on-time possession to leasing support and partner onboarding, July was operationally intensive and exceptionally rewarding. Every successful handover and backend update this month was powered by coordination, commitment, and clarity across the board."
