Aug 2025 | [www.rtechgroup.co.in](http://www.rtechgroup.co.in)

August brought fresh beginnings, festive vibrance, and forward strides. At R-Tech Group, the month was marked by steady progress, stronger community engagement, and tangible milestones across projects, all aligned with our vision of delivering excellence in every space we create.

*“Built for Tomorrow, Grounded in Trust”*

From office spaces being prepped for future leaders to celebrations that honored tradition and unity, August 2025 was about balance — between progress and purpose. At R-Tech, we continue to transform every square foot into something meaningful, sustainable, and impactful.

August reaffirmed our belief that progress is not always loud — sometimes, it's in the quiet fit-outs, the smooth handovers, or a flag raised high in community spirit.

With multiple fit-outs underway and new retail openings, our projects across cities moved ahead with precision. From Jaipur to Bhilwara and Bikaner to Alwar, every location echoed growth, readiness, and vision. We're not just delivering spaces — we're enabling journeys for residents, brands, and businesses alike.

## The News

R-Tech Palmera Garden proudly hoisted a 101-feet tall national flag this August, marking a moment of unity and patriotism. This grand gesture reflects our commitment to community spirit and national pride.

## Our Vision

We strive to create not just buildings, but thriving communities rooted in purpose, pride, and progress. With every milestone — from project completions to cultural celebrations — we move closer to a future shaped by trust, quality, and meaningful experiences.

# Admin Talks

**Mr. Rajesh Yadav**

Managing Director

“August demonstrated that success is not only about how fast we move but also how aligned we are. With new brand onboarding, community events, and the Samridhi Residency sell-out, we’re moving forward with heart and strategy. Let’s keep building futures — one project at a time.”

**Mr. Achal Agarwal**

Executive Director

“The month saw diverse developments — new shop openings, brand fit-outs, and celebrations. This synergy between development and experience is what sets our projects apart. We’re creating more than spaces; we’re creating ecosystems.”

**Mr. Deepak Pareek**

CFO

“Our numbers reflect our momentum. From retail growth to strategic asset utilization, August positions us well for Q3 and Q4. The fundamentals remain strong, and confidence continues to grow — both within the team and from our stakeholders.”

**Kritika Yadav**

VP-Admin & Operations

“From fit-outs to festive events, August tested and proved our team’s coordination and responsiveness. Every successful update this month is thanks to the collaboration, accountability, and commitment that define R-Tech’s way of working.”
