July 2026 | www.rtechgroup.co.in

July opened the second half of 2026 with purpose and pace across the R-Tech Group. As the monsoon tested every site, our preparedness held firm — construction continued without disruption, malls operated seamlessly, and handovers moved forward on committed timelines. With the festive season now on the horizon, teams across leasing, projects and operations shifted gears from planning to execution, laying the groundwork for the busiest quarter of the year.

Where Rajasthan Comes to Grow.

JULY HIGHLIGHTS:

- Uninterrupted construction pace through peak monsoon at Bhilwara and Ajmer Road
- Fresh wave of brand fit-outs gearing up for festive-season launches
- Rooftop solar execution taking shape at Bhiwadi developments
- Handover pipeline strengthened with continued possessions at Beawar and Bikaner

July was defined by resilience in action. Rain-readiness across sites translated into zero downtime, and project teams used the month to push critical structural and finishing milestones while operations kept every mall safe, dry and welcoming for visitors. In parallel, the leasing and marketing functions began aligning brand launches and campaigns with the festive calendar — ensuring that when the season arrives, R-Tech destinations are ready to receive it in full strength.

LOOKING AHEAD – AUGUST & BEYOND

- Festive-season readiness across all operating malls — launches, campaigns and customer experience
- Advancing structural milestones at Capital Galleria, Bhilwara
- Design and planning progress on the Ajmer Road commercial development
- Commissioning-stage progress on rooftop solar at Bhiwadi
- Deepening tenant partnerships to drive footfall through the festive quarter

The news

Leasing conversations gathered noticeable energy in July as brands positioned themselves ahead of the festive surge. New signings and ongoing fit-outs across Jaipur, Bhiwadi and Alwar are steadily enriching the tenant mix, while possession activity at Beawar and Bikaner continued to convert commitments into occupancy. The strengthening enquiry pipeline signals what our teams see on the ground every day — retailers increasingly view R-Tech developments as the address of choice in their markets.

Our Vision

July reaffirmed a simple truth at the heart of R-Tech: preparation is a promise kept in advance. From monsoon-proofed sites to festival-ready malls, the Group continues to build not just structures but certainty — for tenants, customers and partners alike. As the second half unfolds, our focus stays where it has always been: disciplined delivery, thriving retail ecosystems, and destinations across Rajasthan that people return to, season after season.

Events this month

Events

On 26 July, R-Tech Group joined the nation in observing Kargil Vijay Diwas, honouring the courage and supreme sacrifice of our armed forces. Tributes were paid across our developments, reminding us that the freedom to build, grow and dream rests on the valour of those who guard it. We remain forever grateful to our heroes in uniform.

Admin Talks

Mr. Rajesh Yadav

Managing Director

"July marked a confident start to the second half of 2026. Our sites stood firm through the monsoon, our commitments stayed on schedule, and our teams turned preparation into performance. As we approach the festive quarter, the message across the Group is clear — deliver with discipline today, and build the capacity for the growth that tomorrow demands."

Mr. Achal Agarwal

Executive Director

he true test of site management is a heavy monsoon, and July proved our readiness. Construction at Bhilwara and planning on Ajmer Road progressed without pause, possessions continued at Beawar and Bikaner, and fit-outs moved steadily towards festive launches. Credit goes to our engineers and supervisors on the ground, who kept quality and safety uncompromised through the toughest working month of the year.

Mr. Deepak Pareek

CFO

With the mid-year review behind us, July was about putting its findings to work — tighter cost monitoring at active project sites, structured tracking of leasing receivables, and clean, current reconciliations across all entities. Investments like the Bhiwadi solar programme also reflect our financial philosophy: spend where it reduces cost permanently. This groundwork gives us a clear, confident picture heading into the festive quarter.

Kritika Yadav

VP-Admin & Operations

Operations in July ran on anticipation — drainage checks before the rain, maintenance before the complaint, and coordination before the deadline. Managing live malls, active handovers and monsoon logistics at the same time demanded constant communication between teams, and they delivered it. Every property remained safe, functional and welcoming throughout, and we now carry that same rhythm into festive preparations.
